Prev. Position (Role type low)	Descriptive group of the position registered.
<i>.previousDirectors.positions.additionalData.roleTypeLow</i>	

Additional Information – Misc.	
<i>\$.report.additionalInformation.misc</i>	
Registration Number	Additional registration number registered at local companies house (VIRK)
<i>.regNumber</i>	
Publicly Listed Company	States if the company is publicly listed
<i>.publiclyListedCompany</i>	
Fax Number	Fax number
<i>.faxNumber</i>	
Activity Text	Free text registered at local companies house (VIRK) describing the activity
<i>.activityText</i>	
Struck Off Date	Cessation date
<i>.struckOffDate</i>	
Negative Rating	Negative rating value
<i>.negativeRating</i>	
Restart Date	Date which the company has resumed operation after being inactive
<i>.restartDate</i>	
Credit Information (Valid from)	Date which the Credit information from local companies house (VIRK) is valid from
<i>.creditInformationValidFrom</i>	
Credit Information (Status)	Status of the Credit information from local companies house (VIRK)
<i>.creditInformationStatus</i>	
Credit Information (Text)	Descriptive text of the Credit information from local companies house (VIRK)
<i>.creditInformationText</i>	
Municipality (Office address)	Municipality connected to the registered office address
<i>.officeMunicipality</i>	
Auditor Deselected	Choice not to have an auditor
<i>.auditorDeselected</i>	
Financial Year (Start)	Date which the financial year starts (MM-DD)
<i>.accountingPeriodStart</i>	
Financial Year (End)	Date which the financial year ends (MM-DD)
<i>.accountingPeriodEnd</i>	

Additional Information – Employee Information

Reported from local companies house (VIRK) on a monthly basis (5 years history)

`$.report.additionalInformation.employeesInformation[*]`

Year	Year of registration
<code>.year</code>	
Month	Month of registration
<code>.month</code>	
Number Of Employees	Number of distinct employees for the month
<code>.numberOfEmployees</code>	
Number Of Full Time Employees	Number of full time employees for the month (Total of worked hours converted to equivalent full time positions)
<code>.fullTimeEmployees</code>	

Additional Information – Events

Includes all company events (5 years history)

`$.report.additionalInformation.companyHistory[*]`

Date	Date of the event.
<code>.date</code>	
Event Code	Event code
<code>.eventCode</code>	
Description	Event description
<code>.description</code>	
Current Value	Value after the event (not available for all event types)
<code>.currentValue</code>	
Previous Value	Value before the event (not available for all event types)
<code>.previousValue</code>	

Additional Information – Rating History

Includes historical ratings and the current rating for the company (5 years history)

`$.report.additionalInformation.ratingHistory[*]`

Date	Date of the rating.
<code>.date</code>	
Rating	Historical rating value
<code>.rating</code>	
Description	Additional description for the rating value
<code>.description</code>	
Common Value	Historical Common rating value (A-E)

<code>.commonValue</code>	
Common Description	Additional description for the common rating value
<code>.commonDescription</code>

<i>.address.country</i>	
Position	Position
<i>.position</i>	
Role type (High)	High descriptive group of the position registered. Static values.
<i>.roleTypeHigh</i>	
Role type (Low)	Descriptive group of the position registered.
<i>.roleTypeLow</i>	
Type	Type (Person, Company, Other)

<i>.directorType</i>	
Election form	Election form for the position
<i>.electionForm</i>	
Date Appointed	Date appointed to the position
<i>.dateAppointed</i>	
Date Appointed	Resignation date for the position
<i>.resignationDate</i>	
Registration Number	Local registration number (CVR). Only available if the director is a Danish company
<i>.orgNumber</i>	
Company Number	Safe number. Only available if the director is a Danish company
<i>.companyNumber</i>	

Additional Information – Branch Offices

Includes both current and previously registered branch offices

<i>\$.report.additionalInformation.branchOffices[*]</i>	
Name	Name of the branch
<i>.companyName</i>	
Address (Type)	Address type (Registered Office)
<i>.address.type</i>	
Address (Simple value)	Simple value street, postal code and city
<i>.address.simpleValue</i>	
Address (Street)	Street (including house number)
<i>.address.street</i>	
Address (City)	City
<i>.address.city</i>	
Address (Postal code)	Postal code
<i>.address.postalCode</i>	
Address (Province)	Province
<i>.address.province</i>	
Address (Marketing protection)	States if the branch have market protection (true/false)
<i>.address.directMarketingOptOut</i>	
Address (Country)	Country code for the Address
<i>.address.country</i>	
Municipality	Municipality (connected to type Registered Office)
<i>.officeMunicipality</i>	

Telephone Number	Telephone number
<i>.telephone</i>	
Fax number	Fax number
<i>.faxNumber</i>	
P-number	P-number (unique number assigned for each individual branch)
<i>.pNumber</i>	
Start Date	Start date as branch for the owning company
<i>.startDate</i>	
End Date	End date as branch for the owning company
<i>.endDate</i>	
Email Address	Email address
<i>.email</i>	
Primary Activity (Code)	Primary activity registered for the branch
<i>.activityCode</i>	
Primary Activity (Description)	Primary activity registered for the branch
<i>.activityDescription</i>	
Activities (Classification)	Classification of the activity codes (NACE Rev.2)
<i>.activityClassifications[*].classifications</i>	
Activities (Code)	Activity codes
<i>.activityClassifications[*].activities[*].code</i>	
Activities (Description)	Activity descriptions
<i>.activityClassifications[*].activities[*].description</i>	
Employees (Year)	Year of registration
<i>.employeesInformation[*].year</i>	
Employees (Month)	Month of registration
<i>.employeesInformation[*].month</i>	
Number Of Employees	Number of distinct employees for the month
<i>.employeesInformation[*].numberOfEmployees</i>	
Number Of Full Time Employees	Number of full time employees for the month (Total of worked hours converted to equivalent full time positions)
<i>.employeesInformation[*].fullTimeEmployees</i>	

Additional Information – Head Company

Includes current head company

\$.report.additionalInformation.headCompany[]*

Name

Name

.name

Address (Simple Value)	Address string containing street + house number, postal code, city and in some cases the province
<i>.address.simpleValue</i>	
Address (Country)	Country code for the address
<i>.address.country</i>	
Type	Type (Person, Company, Other)
<i>.type</i>	
Start Date	Registered start date
<i>.startDate</i>	

Additional Information – Auditors Information	
<i>Includes information regarding the registered auditors for each financial year</i>	
<i>\$.report.additionalInformation.auditorsInformation[*]</i>	
Account Valid From	States the start date for the account which the information has been registered for
<i>.periodFrom</i>	
Account Valid To	States the end date for the account which the information has been registered for
<i>.periodTo</i>	
Consolidated Account	States if the account is consolidated (true/false)
<i>.consolidatedAccounts</i>	
Amended Account	States if the account has been amended (true/false). Meaning the financials has been updated with the source since first filed.
<i>.amendedAccounts</i>	
Auditor Description	Description of auditor
<i>.auditors[*].auditorDescription</i>	
Auditor Name	Name of the registered auditor
<i>.auditors[*].auditorName</i>	
Auditor Registration Number	Registration number of the registered auditor firm
<i>.auditors[*].auditorOrgNumber</i>	
Auditor Firm Name	Name of the registered auditor firm
<i>.auditors[*].auditorFirmName</i>	

Additional Information – Additional Auditors Information	
<i>Includes information filed by the auditor per financial year</i>	
<i>\$.report.additionalInformation.additionalAuditorInformation[*]</i>	
Account Valid From	States the start date for the account which the information has been registered for
<i>.periodFrom</i>	
Account Valid To	States the end date for the account which the information has been registered for
<i>.periodTo</i>	

Consolidated Account	States if the account is consolidated (true/false)
<i>.consolidatedAccounts</i>	
Amended Account	States if the account has been amended (true/false). Meaning the financials has been updated with the source since first filed.
<i>.amendedAccounts</i>	
Auditor Comment	States if the auditor has made a comment to the account
<i>.auditorComment</i>	
Material Uncertainty	Material uncertainty concerning going concern
<i>.materialUncertainty</i>	
Declaration Obligations	Reporting responsibilities according to the Danish executive order
<i>.declarationObligations</i>	
Other Matter	Other Matter
<i>.otherMatter</i>	
Emphasis of Matter	Emphasis of matter
<i>.emphasisOfMatter</i>	
Signature of Auditor (date)	Signature of auditor, date
<i>.signOfAuditorsDate</i>	
Signature of Auditor (place)	Signature of auditor, place
<i>.signOfAuditorsPlace</i>	
Type of auditor assistance	Type of auditor assistance
<i>.typeOfAuditorAssistance</i>	
Type of basis for opinion	Type of basis for opinion on audited financial statements (audit)
<i>.typeBasisOpinionAudit</i>	
Type of basis for opinion	Type of basis for opinion on financial statements (Extended review)
<i>.typeExtBasisOpinion</i>	
Type of basis for conclusion	Type of basis for conclusion on financial statements (Review)
<i>.typeReviewBasisOpinion</i>	
Type of opinion	Type of opinion on audited financial statements (Audit)
<i>.typeOpinionAudit</i>	
Type of opinion	Type of opinion on financial statements (Extended Review)
<i>.typeExtOpinionAudit</i>	
Type of conclusion	Type of conclusion on financial statements (review)
<i>.typeReviewModifiedOpinion</i>	

Extended Group Structure	
<i>\$.report.extendedGroupStructure[*]</i>	
Id	Connect ID
<i>.id</i>	
Country	Country where the company is located
<i>.country</i>	
Safe number	Safe number
<i>.safeNumber</i>	
Company Name	Name of the company
<i>.companyName</i>	
Registered Number	Local registration number of the company
<i>.registeredNumber</i>	
Latest Accounts Date	The date of the last filed accounts of the company.
<i>.latestAnnualAccounts</i>	
Level	The hierarchical level of the company within the group structure.
<i>.level</i>	
Status	The status of the company.
<i>.status</i>	

Local Financials (LocalFinancialsCSDK)	
<i>\$.report.localFinancialStatements[*]</i>	
Type	Type of Local Financials (LocalFinancialsCSDK)
<i>.type</i>	
Financial Year (Start)	States the start date for the account which the information has been registered for
<i>.yearStartDate</i>	
Financial Year (End)	States the end date for the account which the information has been registered for
<i>.yearEndDate</i>	
Number Of Weeks	Number of weeks derived from the financial year
<i>.numberOfWeeks</i>	
Consolidated Account	States if the account is consolidated (true/false)
<i>.consolidatedAccounts</i>	
Amended Account	States if the account has been amended (true/false). Meaning the financials has been updated with the source since first filed.
<i>.amendedAccounts</i>	

Currency	Currency which the financials is displayed. Will always be DKK for Denmark.
<i>.currency</i>	
Original Currency	States the original currency the financials was filed in
<i>.originalCurrency</i>	
Currency Conversion Rate	States the conversion rate from the original currency to DKK
<i>.currencyConversionRate</i>	
Reporting Class	Assigned grouping classification for the company
<i>.reportingClass</i>	
Reporting Class Information	Information assigned to the reporting class of the company.
<i>.reportingClassInformation</i>	
Local Financials – Profit and Loss	
<i>\$.report.localFinancialStatements[*].profitAndLoss</i>
